Dear Sir:

This a shot in the dark. I am writing to you in case you are the gentlemen who brought up to our museum some months ago a collection of Mexican coins in a large suitcase. If so, have you made any disposal of this collection. If no, and it is handy I would like to photograph certain of the pieces. We are contemplating publishing a book on Mexican coins and you had a number of pieces we would like to photograph.

Very truly yours,
